

This year's theme can mean many different things for our tweens and teens! It could mean build projects with your hands or create a STEM/STEAM project. It could mean build more teamwork, leadership or friendships/relationships in their lives. Or, it could also mean help to out in the community and volunteer, maybe even plant a new tree, flowers, or a garden. The possibilities are endless.

You'll see a few important things that we've added this summer. We want them to take this theme and reach past the stars with all of their ideas, creativity and imagination.

Check out what we've added this year...

All three of these new additions get you extra raffle slips! The Acts of Kindness list lands you FIVE raffle slips upon completion.

1. "How would you build a better world?" Wall: This is set up on the side of one of our tall book stacks in the teen room. All you have to do is grab a form, fill it out and hang it up.
2. Seed Packets: Take a seed packet from a children's librarian, plant it wherever you please and be sure to photograph your good deed. Bring that photo back in to the librarian!
3. "Acts of Kindness" list: Grab an "Acts of Kindness" list and you get the whole summer to complete it. When completed, bring it back to a librarian and get a certificate!

The Summer Reading Program is made possible through generous funding from the Friends of the Bronxville Public Library.
